Stage 1 – Mild Drought Condition  
Voluntary Water Use Restriction Termination

Dear Customer:

Repairs have been completed to the District's water well and full water production capacity has been restored in the public water system.

**The Stage 1 – Mild Drought Voluntary Water Use Restriction condition has been terminated and you may return to normal water usage.**

The Board of Directors appreciates your cooperation and also suggests that you continue to utilize water conservation measures that will extend the life of our limited natural resources and also save your money by reducing the cost of your water service. For further information on water conservation tips, please check our website or contact the District's Operator, Monday through Friday from 8 am – 5pm, at 281-897-9100, press option 3.

Very truly yours,

Harris County MUD No. 71 Board of Directors
